## **Leddy Group Launches Hospitality Staffing Services**

**Bedford, NH:** Leddy Group, the regional leader in staffing solutions and human resource consulting services, recently began providing staffing services for the hospitality field. These services complement the full suite of customized solutions that Leddy Group offers in Administrative, Light Industrial, Accounting and Human Resources. Patty McGrail, Senior Vice President of Leddy Group is overseeing the launch of this new service line.

“For the last 15 years Leddy Group has focused on Administrative, Light Industrial, Accounting and Human Resources staffing. We have been contacted by many hospitality businesses who are looking for staffing services and identified a need for our services based on these inquiries.” states McGrail. “New Hampshire is a destination for many, with a strong year-round tourism industry. We are pleased to be a resource to New Hampshire’s hospitality businesses.” McGrail further stated that these services will be provided along the I-93 corridor in southern New Hampshire and north through the Lakes Region.

Included in the staffing and human resource consulting services that Leddy Group offers:

- Short- and long-term staffing
- Employee handbook design and review
- Customized training programs for supervisory staff
- Harassment and diversity training
- Workers’ compensation case management
- Safety program design
- Development of job descriptions and evaluations
- Interviewing and hiring
- Disciplinary procedures and terminations
- Human resource audits

Patty McGrail has worked with Leddy Group for 15 years. She is responsible for quality assurance within the organization, as well as training and a wide range of special projects. McGrail’s focus is on developing strong partnerships with the business community.

Leddy Group specializes in customized staffing and human resource consulting services for Administrative, Light Industrial and Human Resources. Headquartered in Dover, NH, Leddy Group’s branches provide client companies in ME, MA, NH and VT with a full range of services that are all geared towards enhancing productivity. They are also driven to provide high-quality jobs for employees with various levels and areas of experience.
